EXPERIENCE

Robotics Teacher

Robocation Edutech Private Limited (REPL)

2024 — Present

Guwahati, India

- 1: Instruct students in robotics, programming, and engineering concepts, fostering creativity and critical thinking. 2: Develop and deliver curriculum for robotics classes, including hands-on projects, programming (Arduino, Boffin, esp32, Python, etc.), and mechanical design.
- 3: Guide students in building and programming robots.
- 4: Collaborate with other teachers and staff to integrate STEM concepts across the curriculum.
- 5: Mentor students on teamwork, problem-solving, and innovation, preparing them for future STEM careers.

IT trainer and Operation Coordinator

Anudip Foundation For Social Welfare

Apr '23 — Dec '23

Shillong, India

- 1: Delivered comprehensive IT training sessions on a range of topics including [Ms Office, Cloud Fundamentals], ensuring students acquired practical and theoretical knowledge.
- 2: Designed and developed course materials, hands-on labs, and assessments to enhance student engagement and learning outcomes.
- 3: Provided one-on-one mentorship to students, guiding them through troubleshooting, coding exercises, and project-based learning.
- 4: Managed the end-to-end student enrollment process, including registration, document collection, and verification for course eligibility.
- 5: Collaborated with administration to streamline the registration workflow, improving efficiency and ensuring accurate record-keeping.
- 6: Coordinated with the operations team to resolve enrollment issues and maintain compliance with company and educational standards.
- 7: Acted as a liaison between students and administrative staff to address queries, clarify course requirements, and ensure a smooth enrollment experience.
- 8: Contributed to enhancing the overall training and operations processes by recommending and implementing technology solutions for data management and reporting.

Computer Teacher

Ramakrishna Mission Sohra

Dec '20 — Mar '23

Shillong, India

- 1: Taught computer science to students from grades 6 to 12, covering topics such as programming, software tools, and digital literacy.
- 2: Conducted both online and offline classes, adapting to hybrid learning environments and utilizing digital tools for student engagement.
- 3: Oversaw the performance of teachers across five branches, ensuring timely submission of lesson plans, assignments, and assessments.
- 4: Monitored student progress across multiple schools, ensuring assignments were submitted and deadlines met. 5: Managed data entry and reporting tasks, including maintaining accurate student records and generating performance reports.
- 6: Collaborated with administrative staff to ensure smooth coordination between schools and adherence to academic schedules.
